

Scientific Programme

Sunday 08 July

13h00	Congress Registration
VENUE	Hall A & B Chair: Professor Shaheen Mehtar
17h00 – 19h00	Welcome and Opening Ceremony COUNTRY ROLL CALL <ul style="list-style-type: none">– Welcome Address – Professor Shaheen Mehtar (South Africa)– Dr Abimbola Sowande (Mistress of Ceremonies)– Ben Khoza – Quality Assurance, National Department of Health (South Africa)– Dr Jay Varma (Senior Advisor, Africa CDC) – African CDC (Ethiopia)– Ms Amy Kolwaite, CDC International IPC Program (USA)– Dr Gertrude Avorti – WHO AFRO representative (Ghana) Opening Address – Professor Benedetta Allegranzi, Co-ordinator, Infection Prevention and Control Global Unit, WHO (Switzerland)
19h00	Welcome Network Evening (Exhibition Foyer) – Poster Viewing Hall D

Day 1 – Monday 09 July

07h00	Registration
VENUE	Hall A & B Chair: Dr Angela Dramowski
08h15 – 09h00	Keynote: Mother and Child infections and interventions that work in LMICs – Professor Mike Sharland , (UK)
09h00 – 09h15	Comfort Break

Scientific Programme

Day 1 – Monday 09 July

FREE PAPER SESSION			
VENUE	HALL A	HALL B	HALL C
CHAIRS	<i>Mrs Anna Maruta (Zimbabwe)</i>	<i>Mr Nkwan Jacob Gobte (Cameroon)</i>	<i>Dr Getachew Balay Kassa (Ethiopia)</i>
09h15 – 10h00	<p>Bloodstream infection (BSI) surveillance on a tertiary neonatal unit – <i>Sr Marina Aucamp (South Africa)</i></p> <p>Healthcare-associated infections in paediatric and neonatal wards: a point prevalence survey at four South African hospitals – <i>Dr Courtney Olivier (South Africa)</i></p> <p>Harare Central Hospital Neonatal Unit Infection prevention and control (IPC) audit – <i>Dr Vhenekerai Mananganise (Zimbabwe)</i></p> <p>10 minutes each presentation 15 Minutes Q&A</p>	<p>Implementing infection control programme in Ombadda national hospital, Khartoum, Sudan – <i>Dr Alaaliah Eltayeb (Sudan)</i></p> <p>The impact of focused, sustained Infection Prevention and Control (IPC) Site Support Visits (SSVs) on a rural district hospital in Zimbabwe – <i>Dr Admire Murongazvombo (Zimbabwe)</i></p> <p>Developing a National IPC curriculum to train Infection Preventionists – <i>Professor Sade Ogunsola (Nigeria)</i></p> <p>10 minutes each presentation 15 Minutes Q&A</p>	<p>Barriers to optimising prescribing of broad-spectrum antibiotics in hospitals – <i>Dr Eva Krockow (UK)</i></p> <p>Describing collaboration within the multidisciplinary ICU antimicrobial stewardship team – <i>Mrs Joanna Rout (South Africa)</i></p> <p>GADSA: gamified Antimicrobial Stewardship (AMS) decision support app for prescribing behaviour change in Nigeria – <i>Dr Patty Kostkova (UK)</i></p> <p>10 minutes each presentation 15 Minutes Q&A</p>
10h00 – 10h30	Refreshments – Exhibition Area & Hall D (Poster Viewing)		
PARALLEL SESSION 1			
VENUE	HALL A	HALL B	HALL C
	Paediatric Infectious Disease	Tuberculosis – IPC: taking stock 10 years on	Behavioural Change in IPC and AMS
CHAIRS	<i>Angela Dramowski (South Africa)</i>	<i>Karen Brudney (USA)</i> <i>Valerie Robertson (Zimbabwe)</i>	<i>Carolyn Tarrant (UK)</i> <i>Linus Ndegwa (Kenya)</i>
10h30 – 12h30	<p>Maternal AMR pathogens carriage and risks to the newborn: the situation in Africa – <i>Andy Bulabula (DRC)</i></p> <p>Burden of HAI in neonates and children in developing countries – <i>Awa Ndir (Senegal)</i></p> <p>Outbreaks of nosocomial sepsis in neonates – <i>Erika van Schalkwyk (South Africa)</i></p> <p>Neonatal sepsis prevention in Africa – <i>Angela Dramowski (South Africa)</i></p>	<p>Implementing a TB IPC programme in Africa-trials and tribulations – <i>Professor Shaheen Mehtar (South Africa)</i></p> <p>Measuring progress and the driving factors in TBIC – <i>Dr Junior Mutsvangwa (Zimbabwe)</i></p> <p>Protecting healthcare workers in high TB prevalence countries – <i>Professor Karen Brudney (USA)</i></p>	<p>Behavioural change in AMS – <i>Carolyn Tarrant (UK)</i></p> <p>Using culture to change behavior – <i>Getachew Balay Kassa (Ethiopia)</i></p> <p>Behavior Change Strategies Related to IPC/WASH – <i>Dr Nkwan Jacob Gobte (Cameroon)</i></p> <p>Behavioural change in HIV management – <i>Lawrence Adeokun (Nigeria)</i></p>

Day 1 – Monday 09 July

12h30 – 12h45	Comfort Break
---------------	---------------

VENUE	Hall A & B	Chair: Professor Sade Ogunsola
--------------	-----------------------	---------------------------------------

12h45 – 13h15	State of the Art Lecture: Implementing the latest WHO guidelines with limited resources, can it be done? – Professor Benedetta Allegranzi (Switzerland)
---------------	--

13h15 – 14h00	Lunch & Poster Viewing – Exhibition Area & Hall D
---------------	---

PARALLEL SESSION 2/DEBATE

VENUE	HALL A	HALL B	HALL C
-------	--------	--------	--------

	Impact of the Environment on HAI – The evidence	Antimicrobial Stewardship Progress made in Africa – Workshops	IPC Education in Africa An exponential rise in knowledge transfer
--	--	--	--

CHAIRS	<i>Dr Joost Hopman (Netherlands) Dr Getachew Balay Kassa (Ethiopia)</i>	<i>Dr Linus Ndegwa (Kenya)</i>	<i>Professor Ephantus Kabiru (Kenya) Professor Sade Ogunsola (Nigeria)</i>
--------	---	--------------------------------	--

14h00 – 16h00	<p>Latest evidence for the built environment – Dr Joost Hopman (Netherlands)</p> <p>Wiping for enhanced decontamination of environmental surfaces: Evidence for effective pathogen reductions from field-relevant assessments – Professor Syed Sattar (Canada)</p> <p>Cleaning methodologies – what works and what does not? – Mrs Anna Maruta (Zimbabwe/ Sierra Leone)</p> <p>How clean is your patient’s room? – Measuring outcomes – Ms Marina Aucamp (South Africa)</p>	<p>Africa CDC: How We Can Advance Infection Prevention and Control in Africa – Dr Jay Varma (Ethiopia)</p> <p>The Global AMR Platform with a focus on Africa – Progress and Challenges – Dr Maha Talaat (Egypt)</p> <p>Surveillance in LMICS – how far along are we? – Dr Linus Ndegwa (Kenya)</p> <p>Moving AMS onto the national agenda – A tale from South Africa – Dr Kim Faure (South Africa)</p>	<p>Group-specific Health Education: Lesson for Medical Training Institutions – Professor Ephantus Kabiru (Kenya)</p> <p>Unlocking expert knowledge to bring best practices to one billion people by 2025 – Dr Oliver Bogler (USA)</p> <p>ICAN Virtual Platform (ICAN_VL) an example of rapid dissemination of knowledge – Dr Andy Bulabula (DRC)</p> <p>Link nurses – discussing the various possibilities – Ms Alethea Mashambe (Zimbabwe)</p> <p>LAUNCH OF THE ICAN ECHO – 30 mins</p>
---------------	---	--	---

16h00 – 16h30	Refreshments – Exhibition Area & Hall D (Poster Viewing)
---------------	--

Scientific Programme

Day 1 – Monday 09 July

FREE PAPER SESSION			
VENUE	HALL A	HALL B	HALL C
CHAIRS	<i>Dr Nkwan Jacob Gobte (Cameroon)</i>	<i>Dr Awa Ndir (Senegal)</i>	<i>Dr Andy Bulabula (South Africa)</i>
16h30 – 17h30	<p>Central Sterile Services Department (CSSD) practices at Princess Marina Hospital: What happens behind the curtains? – Mrs Wazha Hlabano (Botswana)</p> <p>The cleaning of contaminated water by means of a copper device – Mrs Levine Warriess (South Africa)</p> <p>Contribution of Healthcare Waste Management Project toward Hepatitis B and C Screening among health Workers, Ghana – Mr Richard Amfo-Out (Ghana)</p> <p>Waste Segregation: Linking Infection Prevention and Control programs to project implementations and compliance by health care workers – Dr Finda Toto (Liberia)</p> <p>10 minutes each presentation 20 Minutes Q&A</p>	<p>Strengthening Infection Prevention and Control Measures to Prevent Nosocomial Transmission of Lassa Fever Using Low Cost Interventions: Experience from the Irrua Specialist Teaching Hospital in Nigeria – Dr Ephraim Ogbaini-Emovon (Nigeria)</p> <p>Training on the implementation of the Screen, Isolate and Notify (S-I-N) protocol for the identification of Lassa fever suspect cases and strengthening infection prevention and control in a Tertiary Health? – Dr Tochi Okwor (Nigeria)</p> <p>Implementation of IPC programmes during Lassa Fever outbreak at Federal Medical Centre, Owo, Ondo State Nigeria: Role of Hospital Infection Control Committee – Dr Olayinka Ilesanmi (Liberia)</p> <p>Evaluation of healthcare facilities adherence to standardised infection prevention and control practices in Liberia, 2016-2017: using baseline and endline results for eleven selected global indicators. – Dr Ngormbu Jusu Ballah (Liberia)</p> <p>10 minutes each presentation 20 Minutes Q&A</p>	<p>Antibiotic prescribing among hospitalised children and adolescents in Ghana: A multi-centre point prevalence survey – Dr Appiah-Korang Labi (Ghana)</p> <p>Mortality from gram-negative bloodstream infections resistant to third generation Cephalosporins in African hospitals (MBIRA) – a retrospective parallel – Dr Angela Dramowski (South Africa)</p> <p>Prophylactic Antimicrobial use for surgical procedures in Egypt – Ms Alaa Afdal (Egypt)</p> <p>Surgical site infection surveillance at Kitale County Hospital, Kenya – Ms Stella Mamuti (Kenya)</p> <p>10 minutes each presentation 20 Minutes Q&A</p>
17h30 – 18h30	ICAN AGM – Hall A		
18h30 – 19h30	Advisory Board Meeting		
20h00	Free evening for delegates		

Day 2 – Tuesday 10 July

06h30	Registration (Upper Level)		
VENUE	Meeting Room 11 – Upper Level		
07h00 – 08h15	Laboratoires Anios Breakfast Symposium – Added value meets patient safety. Rethinking customer partnership – <i>Mihaela Nica (Dubai)</i>		
VENUE	Hall A & B	Chair: Dr Linus Ndegwa	
08h15 – 09h00	Keynote: Surveillance of healthcare-associated infections in low and middle income countries – the “why” and the “how” – <i>Dr Walter Zingg (Switzerland)</i>		
09h00 – 09h15	Comfort Break		
FREE PAPER SESSION			
VENUE	HALL A	HALL B	HALL C
CHAIRS	<i>Dr Awa Ndir (Senegal)</i>	<i>Dr Andy Bulabula (DRC)</i>	<i>Mrs Anna Maruta (Sierra Leone)</i> <i>Emira Tartari (Malta)</i>
09h15 – 10h00	<p>Distribution and prevalence of microbial isolates from a non-healthcare setting in Ibadan, South-West Nigeria – <i>Mr Olatunji Badmus (Nigeria)</i></p> <p>Extended spectrum beta lactamase Escherichia coli and Methicillin resistant Staphylococcus aureus in Public University restroom floors: a great potential risk of infection transmission – <i>Dr Ibrahim Yusuf (Nigeria)</i></p> <p>Infection prevention and control status of medical diagnostic laboratories in Western Kenya – <i>Mr Henry Mochoge-Ogaru (Kenya)</i></p> <p>10 minutes each presentation 15 Minutes Q&A</p>	<p>Cultural practices of bucket toilets and enemas and their implications on fecal-oral disease transmission in Mamfe, Health Area in the South West Region of Cameroon – <i>Mr Kongnyu Emmanuel Ringnyu (Cameroon)</i></p> <p>Water, sanitation and hygiene and infection prevention and control conditions: the status of health care facilities in Karamoja and West Nile sub-regions of Uganda – <i>Mr Habib Yakuku (Ghana)</i></p> <p>Integration of improved Water, Sanitation and Hygiene (WASH) and Maternal, Newborn and Child Health (MNCH) services in Kiomboi District Hospital, Tanzania – <i>Dr Ibrahim Kabole (Tanzania)</i></p> <p>10 minutes each presentation 15 Minutes Q&A</p>	<p>Introducing the World Health Organization framework for hand hygiene in the Cameroon Baptist Convention Health Services (CBCHS) – <i>Dr Nkwan Jacob Gobte (Cameroon)</i></p> <p>Hand hygiene practices among HCW at Nyangabgwe Hospital, Francistown, Botswana – <i>Mrs Wazha Hlabano (Botswana)</i></p> <p>Implementing Hand Hygiene Programmes in Liberia using WHO Hand Hygiene Self-Assessment Framework – <i>Dr Garrison Kerwillain (Liberia)</i></p> <p>10 minutes each presentation 15 Minutes Q&A</p>
10h00 – 10h30	Refreshments – Exhibition Area & Hall D (Poster Viewing)		

Scientific Programme

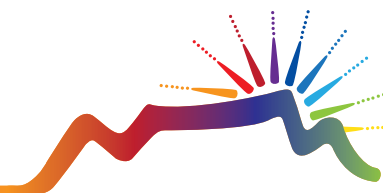

Day 2 – Tuesday 10 July

PARALLEL SESSION 3			
VENUE	HALL A	HALL B	HALL C
	IPC in Tented Communities & Displaced Persons	IPC WASH Plans for Africa	The Appropriate use of Disinfectants
CHAIRS	<i>Dr Mercedes Tatay (Geneva)</i> <i>Professor Val Robertson (Zimbabwe)</i>	<i>Dr Nkwan Jacob Gobte (Cameroon)</i> <i>Ms Margaret Montgomery (Switzerland)</i>	<i>Professor Syed Sattar (Canada)</i> <i>Professor Shaheen Mehtar (South Africa)</i>
10h30 – 12h30	<p>Minimum standards for IPC in displaced communities – <i>Dr Joost Hopman (Netherlands)</i></p> <p>In humanitarian settings, IPC and outbreak response during the emergency phase – <i>Dr Mercedes Tatay (Geneva)</i></p> <p>The role of WASH in IPC in Health Care settings – <i>Dr Ibrahim Kabole (Tanzania)</i></p> <p>Violence against women, the consequences of displacement – <i>Dr Tina Amisi (DRC)</i></p>	<p>Implementing WaSH programme in Africa – example from Tanzania – <i>Dr Hamisi Malebo (Tanzania)</i></p> <p>Delivering IPC to maternity units without WASH – is it possible? – <i>Mrs Angeline Chiotcha (Malawi)</i></p> <p>Infrastructure support for IPC – an engineering perspective – <i>Mr Francois Bester (South Africa)</i></p> <p>WHO WASH guidance – is it applicable to LMICs – <i>Ms Margaret Montgomery (Geneva)</i></p>	<p>Recent advances in technologies for disinfection of environmental surfaces: A critical analysis – <i>Professor Syed Sattar (Canada)</i></p> <p>Cross resistance between chemicals and antimicrobial agents – <i>Professor Shaheen Mehtar (South Africa)</i></p> <p>Wipes vs fogging – what is applicable in LMICs? – <i>Ms Yolanda van Zyl (South Africa)</i></p> <p>A model for the sensible use of disinfectants in LMIC – <i>Mrs Briette du Toit (South Africa)</i></p>
12h30 – 12h45	Comfort Break		
VENUE	Hall A & B		Chair: Professor Shaheen Mehtar
12h45 – 13h15	State of the Art Lecture: Global Point Prevalence Survey of Antimicrobial Consumption and Resistance (Global-PPS) – Mrs Ann Versporten (Belgium)		
13h15 – 14h00	Lunch – Exhibition Area & Hall D (Poster Viewing)		

Day 2 – Tuesday 10 July

PARALLEL SESSION 4			
VENUE	Room 11 – Upper Level	HALL B	HALL C
	Strengthening Health Systems and IPC – Do guidelines work?	Blood Borne Viruses – putting Hepatitis into perspective	Hand Hygiene Workshop – Showcasing Africa
CHAIRS	<i>Professor Val Robertson (Zimbabwe) Dr Jay Varma (Ethiopia)</i>	<i>Dr Alaa Hashish (Egypt) Dr Linus Ndegwa (Kenya)</i>	<i>Professor Didier Pittet (Switzerland) Dr Nkwan Jacob Gobte (Cameroon)</i>
14h00 – 16h00	<p>How does one put health systems in place with limited resources? – <i>Mr Molla Godif (Ethiopia)</i></p> <p>Strengthening the IPC component – stand alone or integrated? – <i>Dr Celestino Dhege (Zimbabwe)</i></p> <p>What is required to deliver a good IPC programme with low resources – example from Sierra Leone? – <i>Mrs Christiana Conteh (Sierra Leone)</i></p> <p>Health systems strengthening and IPC through auditing IPAC practice – <i>Mrs Mandy Deeves (Canada)</i></p>	<p>Overview of Hepatitis A - E – <i>Ms Amy Kolwaite (USA)</i></p> <p>Core Interventions for HBV and HCV elimination; focusing on Africa – <i>Dr Alaa Hashish (Egypt)</i></p> <p>Preventative measures towards reducing the spread of BBV in Healthcare facilities? – <i>Dr Jack Meintjes (South Africa)</i></p> <p>HIV and substrains – why have we not contained HIV in Africa? – <i>Professor Wolfgang Preiser (South Africa)</i></p>	<p>Hand Hygiene Implementation in Africa</p> <p>Presentation 1 (15 min) – Cameroon programme in local production of ABHR – <i>Dr Nkwan Jacob Gobte (Cameroon)</i></p> <p>Presentation 2 (15 min) – Tanzania report on water quality for hand hygiene – <i>Dr Hamisi Malebo (Tanzania)</i></p> <p>WHO CC Interactive Hand Hygiene Workshop</p> <p>Presentation 3 (30 min) – Revisiting the 5 Moments concept for Hand Hygiene – <i>Professor Didier Pittet (Switzerland)</i></p> <p>Presentation 4 (20 min) – Hands on hand hygiene observations – interactive discussion of practical case scenarios – <i>Professor Ermira Tartari (Malta)</i></p> <p>Q&A and Round Table Discussion</p> <p>Launch of the HHEA Africa (15 min)</p> <p>Best Poster Award – Professor Didier Pittet Hand Hygiene Award Ceremony</p>
16h00 – 16h30	Refreshments – Exhibition Area & Hall D (Poster Viewing)		

Scientific Programme

Day 2 – Tuesday 10 July

PARALLEL SESSION 5			
VENUE	Meeting Room 11 – Upper Level	HALL B	HALL C
	Free Paper Session	WHO Session on SSI surveillance & prevention: Advancing SSI prevention from recommendations to change of practices: Announcing a new WHO strategy	Global PPS & AMR Surveillance in Africa
CHAIRS	<i>Dr Abimbola Sowande (Nigeria)</i>	<i>Professor Joe Solomkin (USA)</i> <i>Professor Sade Ogunsola (Nigeria)</i>	<i>Professor Gunthuru Ravathi (Kenya)</i> <i>Professor Shaheen Mehtar (South Africa)</i>
16h30 – 18h30	<p>Patient safety baseline survey: Implications for patient safety policy and infection prevention and control (IPC) in Liberia – <i>Mr Moses Bolongei (Liberia)</i></p> <p>Hygiene and Safety Committees: Guinean Experience – <i>Mr Nomou Alphonse Kpoghomou (Guinea)</i></p> <p>Towards infection free rural health facilities in Malawi – <i>Ms Natasha Mwenda (Malawi)</i></p>	<p>Presentation 1 – How do you prioritise the SSI prevention recommendations in your local context? (25 min discussion) – <i>Professor Benedetta Allegranzi (WHO HQ)</i></p> <p>Presentation 2 – Feasible approaches for SSI surveillance in settings with limited resources (25 min discussion) – <i>Dr Matthew Westercamp (US CDC HQ)</i></p> <p>Presentation 3 – New WHO implementation package for SSI prevention (35 min discussion) – <i>Ms Claire Kilpatrick (UK)</i></p> <p>Interactive Session: Practical tips and key considerations for implementation at the facility level (35 min)</p>	<p>Introduction – <i>Professor Shaheen Mehtar (South Africa) & Professor Gunturu Revathi (Kenya)</i></p> <p>Global PPS results – Global-PPS and antimicrobial quality indicators: towards effective hospital antimicrobial stewardship (20 mins) – <i>Dr Ann Versporten (Belgium)</i></p> <p>Local PPS Results: Egyptian experience using Global PPS tools (15 mins) – <i>Dr Aalaa Afdal (Egypt)</i></p> <p>The Global Point Prevalence survey of Antimicrobial Consumption and Resistance (Global-PPS): Evidence of poor laboratory use as a barrier to Antimicrobial Stewardship in Nigerian hospitals (15 mins) – <i>Professor Oyin Oduyebbo (Nigeria)</i></p> <p>The Global Point Prevalence Survey of Antimicrobial Consumption and Resistance (Global-PPS): A comparison of paediatric ward antimicrobial prescribing practices at Tygerberg Hospital (2015 and 2017) (15 mins) – <i>Dr Heather Finlayson (South Africa)</i></p> <p>The Global Point Prevalence Survey of Antimicrobial Consumption and Resistance (Global-PPS): Results of Antimicrobial Prescribing in Guinea in 2017 – <i>Professor Mamadou Saliou SOW (Guinea)</i> (15 mins)</p> <p>Surveillance as tool to optimise antibiotic prescribing practices in African hospitals (at local and national level) (20 minutes) – <i>Professor Olga Perovic (South Africa)</i></p>
VENUE	Hall A & B		
20h00	Celebration Dinner – Theme: Africa on the Catwalk		

Day 3 – Wednesday 11 July

VENUE	Hall A & B	Chair: Professor Val Robertson
08h15 – 09h00	Keynote: Implementing an Antimicrobial Stewardship Programme in LMICs? – Professor Marc Mendelson (South Africa)	
09h00 – 09h15	Comfort Break	

ICAN WORKING GROUPS

VENUE	HALL A	HALL B	HALL C
CHAIRS	<i>ICAN Working Group</i>	<i>ICAN Working Group</i>	<i>ICAN Working Group</i>
09h15 – 10h00			

10h00 – 10h30	Refreshments – Exhibition Area & Hall D (Poster Viewing)
---------------	--

Scientific Programme

Day 3 – Wednesday 11 July

PARALLEL SESSION 6			
VENUE	HALL A	HALL B	HALL C
	Surgery in Africa and ways of complying with guidelines	Outbreaks in Africa. A progress report on IPC effective measures	Implementation of Core Components in Africa – Pitfalls and Solutions
CHAIRS	<i>Professor Joseph Solomkin (USA)</i> <i>Dr Awa Ndir (Senegal)</i>	<i>Dr Benjamin Parks (USA)</i> <i>Dr Jean Paul Ngandu (Namibia)</i>	<i>Professor Benedetta Allegranzi (Switzerland)</i> <i>Mrs Anna Maruta (Sierra Leone)</i>
10h30 – 12h30	<p>The recent WHO SSI Guidelines – implications for Africa – <i>Professor Joe Solomkin (USA)</i></p> <p>Osteomyelitis a neglected disease – <i>Dr Paul Budema (DRC)</i></p> <p>Surgical sepsis in maternity – impact of lack of infrastructure – <i>Dr Awa Ndir (Senegal)</i></p> <p>A prospective control study to assess the effect of probiotics in decreasing hospital acquired infections in a tertiary adult burn centre. – <i>Dr Wayne Kleintjies (South Africa)</i></p>	<p>The bigger picture on outbreaks – <i>Dr Benjamin Parks (USA)</i></p> <p>The outbreak of plague in Center Hospital University of Befelatanana Antananarivo Madagascar – <i>Dr Volatiana Andriananja (Madagascar)</i></p> <p>From One to Ninth EVD Outbreak in the DRC, where did we go in IPC? – <i>Dr Jean Paul Ngandu (Namibia)</i></p> <p>Integration WASH in Cholera elimination strategies – <i>Dr Ibrahim Kabole (Tanzania)</i></p>	<p>The core components – <i>Professor Benedetta Allegranzi (Switzerland)</i></p> <p>The impact of core components on Africa – <i>Ms Claire Kilpatrick (UK)</i></p> <p>Applying core components at country level – <i>Professor Val Robertson (Zimbabwe)</i> – <i>Dr Cynthia Chasokela (Zimbabwe)</i></p> <p>Evaluating core component implementation in low resource settings – <i>Mrs Anna Maruta (Sierra Leone)</i></p>
12h30 – 12h45	Comfort Break		
VENUE	Hall A & B		Chair: Professor Shaheen Mehtar
12h45 – 13h15	State of the Art Lecture: Yves Chartier Memorial Lecture – Ms Margaret Montgomery (Switzerland)		
13h15 – 14h00	Lunch – Exhibition Area & Hall D (Poster Viewing)		

Day 3 – Wednesday 11 July

PARALLEL SESSION 7			
VENUE	HALL A	HALL B	HALL C
	Healthcare Waste Management – why are we not succeeding?	Climate Change, Infectious Disease and Vector Borne Diseases	One Health, links between humans and animals
CHAIRS	<i>Professor Babacar Ndoye (Senegal)</i> <i>Ms Molly Patrick (USA)</i>	<i>Dr Katcho Karume (DRC)</i> <i>Professor Sade Ogunsola (Nigeria)</i>	<i>Dr Linus Ndegwa (Kenya)</i>
14h00 – 16h00	<p>Healthcare waste management in Africa: Why are we not succeeding? What are the prospects? – <i>Professor Babacar Ndoye (Senegal)</i></p> <p>New technologies for Healthcare waste management – <i>Mr Francois Bester (South Africa)</i></p> <p>Planning for a successful healthcare waste management system: the evidence base – <i>Ms Ruth Stringer (UK)</i></p> <p>Effective healthcare waste treatment in Africa: Making progress in post-Ebola Sierra Leone – <i>Ms Molly Patrick (USA)</i></p>	<p>The impact of climate change and food security on infectious disease – <i>Dr Katcho Karume (DRC)</i></p> <p>Malaria and climate change in the town of Kindu, Maniema Province, D.R.Congo: past and present – <i>Professor Bulabula Ali (DRC)</i></p> <p>Zika virus in Africa – <i>Professor Sade Ogunsola (Nigeria)</i></p> <p>Lassa Fever – <i>Mr Kevin Babila Ousman (Nigeria)</i></p>	<p>Antimicrobial resistance fueled by the food chain. A dilemma? – <i>Dr Linus Ndegwa (Kenya)</i></p> <p>Antimicrobials in the veterinary world – piggeries as an example – <i>Dr Peter Evans (South Africa)</i></p> <p>Judicious use of antibiotics in humans to prevent antimicrobial resistance: the clinician's perspective – <i>Dr Leonardo Pagani (Italy)</i></p> <p>Similarities and differences between human and animal microbiota – <i>Professor Olga Perovic (South Africa)</i></p>
16h00 – 16h15	Comfort Break		
VENUE	Hall A, B & C		Chair: Professor Shaheen Mehtar
	<p>CLOSING CEREMONY</p> <p>Best Paper and Best Poster Presentation</p> <p>Young Investigator Award</p> <p>Handover of Ribbon of Office – Professor Shaheen Mehtar (South Africa) to Professor Sade Ogunsola (Nigeria)</p>		
	Congress Closes		

Post-Congress Workshop

Thursday 12 July

Collaborative AMR workshop
between ICAN/ BSAC

Delivering Education and training on Antimicrobial Stewardship: Global and African challenges and solutions

VENUE	HALL A
08h00 – 08h30	Registration and Refreshments
SESSION 1	GETTING THE AMR/AMS MESSAGE ACROSS IN AFRICA
08h30 – 08h40	Introduction to session – <i>Professor Dilip Nathwani (BSAC)</i> Welcome – <i>Professor Shaheen Mehtar (ICAN & SUN)</i>
08h40 – 09h10	WHO model – recommendations for AMS and IPC education and training competency – <i>Professor Marc Mendelson (ISID)</i>
09h10 – 09h40	Innovative global models for delivering education in AMS – including resources available – <i>Professor Dilip Nathwani (BSAC)</i>
09h40 – 10h10	Current AMS and educational activity for AMS in Africa – <i>Dr Andre Bulabula (SUN & ICAN)</i>
10h10 – 10h30	The online AMS course from UCT?
10h10 – 10h40	The first Massive Open on-line course [MOOC] for AMS in Africa – <i>Professor Oyinlola O. Oduyebo (LUTH & ICAN)</i>
10h40 – 11h10	Refreshments
11h10	Case Study 1 – AMS training in the hospital – good practice example (SUN)
11h40	Case Study 2 – AMS training for communities – opportunities and good example
12h10	Case Study 3 – How can AMS and IPC – WASH training be delivered in the hospital
12h50 – 13h00	Conclusions and key messages – <i>Professor Dilip Nathwani (BSAC)</i>
13h00 – 14h00	Lunch
SESSION 2	AMR SURVEILLANCE- POINT PREVALENCE SURVEYS (SUPPORTED BY AN UNCONDITIONAL EDUCATIONAL GRANT FROM BIOMERIEUX)
14h00 – 16h00	Global Point Prevalence – outcomes for Africa – <i>Dr Anne Versporten (Global PPS programme, Belgium)</i>
16h00	Close – <i>Professor Shaheen Mehtar (ICAN & SUN)</i>
